Including results for [spike protein resonant frequencies](#)Search only for [spike "protien" resonant frequencies?](#) <https://www.johnccarleton.org> › [BLOGGER](#) › 2021 › 07 › 25 › [bioweapon-new-study-reve...](#)

BIOWEAPON: New study reveals spike protein in coronavirus ...

The **spike** protein's accumulation appeared to damage tissues, which the virologist pointed to as the cause of the different adverse reactions in vaccinated individuals. (Related: 'We made a big mistake' — COVID vaccine **spike** protein travels from injection site, can cause organ damage.) ... The **resonant frequencies** of graphene should be ...

<https://essentialoiltherapy.org> › [en](#) › [naturally_negate_the_vax.php](#)

Covid-19 Vaccine is a Bioweapon (Beware of Vaccine Shedding)

The term "**spike** protein" is a corporate rebranding of prion protein. The rebranding is an attempt to obscure what, as many of us know, is extremely dangerous to the human body. In order to limit the effectiveness of this attack, we need strategies to break up these proteins and render them safe. ... Plant **resonant frequencies** (essential ...

<https://www.researchgate.net> › [publication](#) › 340564691_Frequencies_171160_Hz_1749...

(PDF) Frequencies 171.160 Hz, 174.989 Hz, and 1185.131 Hz ...

Therefore the therapeutic **resonant** frequency for the **spike** protein is = 4526016.44 1185.1313 (.) 3819 Hz approx ...

SARS-CoV-2 spike protein detection through a plasmonic D ...

A) Spectra for different MERS **spike** protein concentrations (25 ÷ 1000 nM) and a SARS-CoV-2 **spike** protein concentration (250 nM) with a zoom of the resonance wavelengths region (inset). B) Spectra for different SARS-CoV-2 **spike** protein concentration (12.5 ÷ 500 nM) on the apt-NS-modified platform and a zoom of the resonance wavelengths ...

Re: [rife-list] Frequencies for C-19 Vaccine

Re: [rife-list] **Frequencies** for C-19 Vaccine. Richard. Aug 9 #14857. I don't know how to treat the vaccine but you can remove the **spike** protein from people with the **resonant** frequency of Suramin. Suramin C51H40N6O23S6 Monoisotopic molar mass = 1296.047 X 3052.4932 (converts molecular mass to frequency) --> 3,956,175 Hz. Richard Loyd 206-883-1900.

<https://www.salk.edu> › [news-release](#) › [the-novel-coronavirus-spike-protein-plays-additio...](#)

The novel coronavirus' spike protein plays additional key ...

Similarly, scientists studying other coronaviruses have long suspected that the **spike** protein contributed to damaging vascular endothelial cells, but this is the first time the process has been documented. In the new study, the researchers created a "pseudovirus" that was surrounded by SARS-CoV-2 classic crown of **spike** proteins, but did not ...

COVID-19 "Vaccine" Bioweapons Update on Spike Proteins ...

Share Feedback

A couple of weeks ago we published the video round-table discussion with 5 medical doctors on the issue of people receiving the COVID-19 injections transmitting something, somehow to those people who have not received the shots. Most of the reports have been coming from women who have reported menstruation difficulties, heavy bleeding, miscarriages, and reduction of breast milk. Dr. Larry ...

 <https://www.maintenance.org> > fileSendAction > fcType > 0 > fcOid > 399590942962664... PDF **Spike Energy Measurement and Case Histories**

Spike Energy is a high frequency measurement and its readings can be affected by accelerometers and mounting conditions. Different accelerometers have different construction and natural **frequencies**. The mounted **resonant frequencies** of industrial accelerometers have wide range, generally between 10kHz
